

My Testimonial

When I first walked into Cairnhill Toastmasters, I remembered I was greeted warmly and was impressed with the dedication and driven nature of its members.

7 years later, I am still a member of Cairnhill Toastmasters and I have learned and seen so much from the toastmasters experience. I have seen members progressed from nervous ice breakers on their first speech to confident orators as they progressed in the movement.

I have seen quiet members open up and become driven leaders as they strive to grow and contribute to the cause. I have seen myself improve and develop into a competent speaker and evaluator as I moved from speech to speech as the years passed by. Cairnhill Toastmasters Club is like Family to Violet and I and we see ourselves dedicated to this meaningful cause and movement for the rest of our lives.

Yours Warmly,

Jamie Lee Kwan Jin (Mr)

Founding Director
